

A new park

ON Harrison Street @Fremont on Rincon Hill

PLEASE JOIN US as we continue the planning process for a **new park** at 333 Harrison Street at Fremont Street. The park will provide 23,500 square feet of open space and recreation amenities for our green-deficient neighborhood.

WE WANT YOUR IDEAS. The new park will be an invaluable respite in our dense part of town, as well as feature sustainable design from the ground up.

SNACKS. Enjoy treats while we continue the 3-month planning & design process. Get active - get involved in the park's plan and meet your neighbors.

Your ideas will help formulate the park's design, which will ultimately be presented to the State of California.
